REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed over the prior art of record. None of the prior art discloses or suggests a method for fabricating a color filter by bonding a colored film on a substrate having a resin black matrix formed thereon comprising the steps of "forming the resin black matrix on the substrate to have *a step structure at an intersection of a thinner edge portion and a portion of the resin black matrix contiguous with the thinner edge portion*" and "bonding the colored film onto the substrate in a direction whereby *the colored film first contacts the resin black matrix on an upstream side at the thinner edge portion*, wherein the thinner edge portion is formed on the upstream side of the step structure". Claims 2-6 are also allowed since they depend on claim 1.

Claims 7-10 stand allowed for the same reasons set forth in the last Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
